Houston Based Video Sharing Portal / High Potential

This 12 year old online business for sale is a video-sharing website, on which users can upload, view and share videos. The company is based in La Jolla, California, and uses Adobe Flash Video and HTML5 technology to display a wide variety of user-generated and corporate media video content, including video clips, TV clips, and music videos, as well as amateur content such as video blogging, short original videos, and educational videos.

Most of the content on the site has been uploaded by individuals, but media corporations and other organizations offer some of their material via the website. Unregistered users can watch videos, and registered users can upload an unlimited number of videos. Videos considered to contain potentially offensive content are available only to registered users affirming themselves to be at least 18 years old. All users can upload videos. The site accepts videos uploaded in most container formats, including .AVI, .MKV, .MOV, .MP4, DivX, .FLV, and .ogg and .ogv. These include video formats such as MPEG-4, MPEG, VOB, and .WMV. It also supports 3GP, allowing videos to be uploaded from mobile phones. Videos with progressive scanning or interlaced scanning can be uploaded, but for the best video quality, the site suggests interlaced videos be deinterlaced before uploading.
