

5MW Operational Wind Farm Power Station

5MW Operational Wind Farm Power Station

This well-established electricity generating business has been operational since 2015, with a wind farm commissioned in 2019. It benefits from a stable cash flow due to a 15-year agreement to sell renewable energy, backed by a state-guaranteed "green" tariff with annual indexation for the next decade. The company boasts an experienced team ensuring stable operations since 2019, and the region offers potential for further wind farm expansion and hybrid solar-wind projects. Additionally, the business enhances its environmental image through green electricity production and has experience in export/import transactions.

The agreement is signed for 15 years (starting from 2019), and the sell price with annual indexation is guaranteed until 2034.

Tariff Conversion

| | 2020 | 2021 | 2022 | 2023 |
|---------------------------------|-------|-------|-------|-------|
| fixed tariff, \$/kWth, excl VAT | 0.059 | 0.057 | 0.056 | 0.055 |
| Accumulated index | | 7% | 16.4% | 37% |

TARGET PRICE
