1.00MW PV Solar Photovoltaic Power Plant (“PAS”)

The PV Project in Santa Maria La Fossa (CE) is a photovoltaic solar energy installation designed to harness renewable energy and promote sustainable development in the region. This project involves the construction and operation of solar panels to generate clean electricity, contributing to Italy’s efforts to reduce carbon emissions and dependence on fossil fuels. Located in the province of Caserta, the project aims to provide a reliable source of green energy for local communities while supporting environmental conservation and energy efficiency initiatives.
