Tier-1 Business Process Outsourcing (BPO) Call Center

Opportunity to acquire a Tier-1 Business Process Outsourcing (BPO) and Contact Center platform based in Buenos Aires, Argentina, with over 30 years of operating history, strong client retention, and a highly defensible revenue base supported by deep integration with tier-one telecommunications operators. The Company operates as a mission-critical service provider, embedded within client infrastructure, delivering omnichannel customer experience solutions and advanced technical support workflows.

Business Overview

- Tier-1 BPO provider with ~750 employees
- Operations centralized in Buenos Aires with dual-site redundancy
- Serves leading telecom, healthcare, and large corporate clients
- Delivers complex, multi-process service environments (technical, commercial, and back-office)

Strategic Positioning

The Company represents a highly defensible, Tier-1 platform in a consolidating Latin American BPO market, where competitive advantage is increasingly driven by technology integration and AI enablement, rather than pure labor arbitrage.

Its deep integration with telecom infrastructure positions it as a quasi-internal operator, rather than a traditional external vendor—creating significant switching costs and high barriers to entry.
