Senior UK English Football Club & Freehold Real Estate

Available for purchase is 100% of the issued share capital of a long-established, senior English football club located in the East Midlands. This opportunity combines a historic sporting institution with the outright freehold ownership of its 3-acre central stadium site. The club is currently positioned as an asset-backed turnaround opportunity following a significant operational and financial restructuring in the 2025/26 season.

Key Investment Highlights

- Valuable Real Estate Asset:** The transaction includes the outright freehold of a c. 3-acre stadium site in a central residential area. The land has an indicative existing-use valuation of approximately £1 million and is held with no third-party debt or secured charges.
- Established Heritage:** Founded in 1959, the club has a 65-plus year history in the senior non-league pyramid, including previous sustained periods in the fifth tier (National League) and multiple national-level cup successes.
- Operational Track Record:** Unlike many peers, the club has a proven history of operating at breakeven or profitability, delivering statutory profits in both FY24 and FY25 on annual turnovers of approximately £635k–£652k.
- Clean Corporate Structure:** The company was consolidated to 100% single ownership in June 2025, providing an incoming buyer with a fully resolved cap table, no minority shareholders, and a simple execution path via a single Share Purchase Agreement.
- Professional Management in Situ:** A highly experienced first-team manager—a former Championship-level defender and EFL manager—is already in post, providing continuity and professional recruitment networks for the FY27 season.

Financial & Operational Summary

The club is currently in a “transition year” (FY26) during which the cost base has been aggressively reset. This includes the removal of non-recurring severance costs and the closure of underperforming development programmes.
