MERGERSCORP

30 MW Premier AI HPC & Data Center Campus

A fully developed, turnkey-ready digital infrastructure asset located in the heart of the energy-rich Permian Basin region in Wink. The asset comprises a 30 MW powered site designed to support high-performance computing, AI, data center, and digital asset operations.

Established Infrastructure

- 30 MW installed power capacity with fully connected medium-voltage (MV) and low-voltage (LV) infrastructure.
- Strategically configured across 15 facilities, each offering approximately 2 MW of capacity, providing operational flexibility and scalability.

Turnkey Deployment

- Ready for immediate operations with pre-installed server racks, network connectivity, PDUs, ventilation systems, and water cooling curtains.
- Significantly reduces deployment timelines and capital expenditure requirements for incoming operators.

Robust Electrical Infrastructure

- Supported by 15 transformers rated at 2,500 kVA each, ensuring reliable and efficient power distribution across the site.

Secure Operating Environment

- The entire facility is enclosed within a fully fenced perimeter, enhancing security and operational resilience.

Ideal Investors

- AI & High-Performance Computing (HPC) operators
- Data center and colocation providers
- Digital infrastructure investors
- Digital asset mining companies
- Cloud computing and edge computing operators
