

# Transport and Freight forwarding company

## Transport and Freight forwarding company

One of the oldest transport and forwarding companies based in Latvia established in 1997. The company successfully operates in European countries including CIS countries, Russia, Belarus, Kazakhstan, etc., with the main specialisation in oversize and heavy cargo transports.

### Company I

The main focus is to provide transport and logistics services, specializing in oversized, heavy-duty, and project cargo transportation from Europe to Russia and the former CIS countries (including Belarus, Kazakhstan, Uzbekistan, and others), as well as in the reverse direction.

Additionally, they offer various services for the repair and diagnostics of commercial vehicles, trailers, and semi-trailers, as well as truck washing services.

The company possesses its own assets in the industrial zone, including a service and repair warehouse (approximately 2000m<sup>2</sup> of space where all trucks and trailers undergo repairs after a long trip) and a truck washing bay (capable of handling 2-3 trucks simultaneously).

### Company II

A new company has emerged, driven by a group of experienced specialists in the field of oversized and heavy-duty cargo transportation, with extensive expertise in logistics.

The company is already a leading cargo and logistics company and operates successfully in Europe and CIS countries, such as Russia, Belarus, Kazakhstan, Uzbekistan, Kyrgyzstan, Mongolia, and also in the Northern region.

Thanks to technological progress, the new company can rely on a modern fleet capable of meeting all the logistics and transportation requirements of our clients.

The company has its own covered truck service warehouse and truck wash which can serve 2-3 trucks at one time.
